Sections in yellow are calculated using backtesting and should be used for estimate purposes only

Rates of return over a period of one year or more correspond to historical annualized interest rates. Rates of return over a period of less than one year are not annualized. All rates of return are calculated after taking into account management costs and expenses charged to the fund. Prior performance is no guarantee of future performance. Please consult the Registered Investment Account Guide for more information.

The MER shown is a projected figure reflecting the reduction of certain fees effective November 17, 2025, and may differ from the actual MER reported at year-end. Estimates are provided for illustrative purposes only and may vary.

*Money can no longer be deposited to DSC funds. Fund transfers between DSC funds are still permitted.

Sections in yellow are calculated using backtesting and should be used for estimate purposes only

Rates of return over a period of one year or more correspond to historical annualized interest rates. Rates of return over a period of less than one year are not annualized. All rates of return are calculated after taking into account management costs and expenses charged to the fund. Prior performance is no guarantee of future performance. Please consult the Registered Investment Account Guide for more information.

The MER shown is a projected figure reflecting the reduction of certain fees effective November 17, 2025, and may differ from the actual MER reported at year-end. Estimates are provided for illustrative purposes only and may vary.
